The United States are too great to be  
associated with "bum" grammar.Rudyard Kipling may be a great bat-  
tle hard, but he is not accepted as a  
golf poet.If we can force the Filipinos to sub-  
mit to us and our Indians to submit  
to a hair cut, the world will once more  
stand gazing in admiration.Dr. Parkhurst finds that the atmos-  
phere of New York is "clouded by am-  
biguity emanating from administrative  
incertitude." Why not get a smoke  
consumer?As Miss King, who was inoculated  
with bovine tuberculosis and became  
a consumptive, has been cured, ven-  
dors of milk will be sure to suspect  
that she had no consumption. To make  
such experiments perfectly successful  
the inoculated patient has to die.It seems that a Senator of the United  
States, living in Washington, can have  
a postoffice clerk for his son-in-law.  
An honest postoffice clerk, however, is  
to be preferred to a titled spendthrift  
who seems so desirable to some Amer-  
ican families before they get him.The Ohio boards of health are ask-  
ing that as soon as paper money is  
sufficiently to form hiding places  
for germs it shall be promptly re-  
called by the government and replaced  
by new bills. There is always a great  
demand for new bills, regardless of the  
germ menace. Pretty money—crisp  
money—is a thing of beauty even to  
men who have but a moderate esteem  
for cash.At some time or other in their lives  
the great majority of people have  
passed through the ordeal of "mov-  
ing." To all such it will be unneces-  
sary to apologize for or explain any  
shortcomings in this issue of the Dem-  
ocrat or, it may be, those of the next  
day or two. When it is stated that  
the Democrat is today (Saturday)  
moving to its new home at South  
Broadway and Mill sts., enough, we  
trust, has been said.While it has long been a foregone  
conclusion that Dr. L. S. Ebricht  
would be re-appointed postmaster of  
Akron, the information that the ap-  
pointment has been made and that the  
Senate has confirmed the nomination,  
is none the less pleasing to the gen-  
eral doctor's multitude of friends. It is  
a favorite saying with Dr. Ebricht that  
"hard work does not kill," and he  
carries his teaching into practice in  
everyday life. And while he is one  
of the busiest men in Akron, he is at  
the same time one of the most popu-  
lar as—no stronger testimony could be  
desired—these under his authority in  
the work at the Post Office declare.  
Dr. Ebricht has done much to improve  
and extend this city's postal service  
and is steadily striving to do more. It  
is not his fault that countless yards  
of red tape must precede every step  
in advance, nor that all that he desires  
for the local service has not already  
been accomplished. Time will do  
much in this direction and Dr. Ebricht  
may be depended upon to do the rest.

## SHOOK

## The Houses of St. Louis

And People Ran From Their  
Dwellings.St. Louis, Jan. 24.—Two distinct  
shocks of earthquake were felt in St.  
Louis and many of the adjoining  
towns early this morning. The first  
shock was light, the second more se-  
vere.In Clifton Heights, west of the city,  
the shocks were very severe and re-  
sidents ran into their yards fearing  
their houses would be shaken down.  
The shocks were felt distinctly  
across the river in Illinois, in East St.  
Louis, Granite City and Venice.

## A Mother's True Friend

"I would like to express my gratitude  
for the benefit received from your won-  
derful medicine, 'Favorite Prescrip-  
tion,' writes Mrs. E. C. Anderson, of  
South Britain, New Haven Co., Conn.  
(Box 33). 'During the first month of  
pregnancy I could not keep anything  
on my stomach. Was so sick that I  
had to go to bed and stay for weeks. I  
tried different doctors, but with little  
benefit. I read about many being  
helped by using your medicine so I  
thought I would give it a trial. I be-  
gan to take your 'Favorite Prescrip-  
tion' in November and I had a nice  
little baby girl in February following.  
My baby weighed over eight pounds.  
I was only in hard labor about one  
hour and got along nicely during con-  
finement; was up and dressed on the  
eighth day. I never had the doctor  
with me at all. My friends thought  
that I was sick a very short time. I  
think Dr. Pierce's Favorite Prescrip-  
tion is indeed a mother's true friend,  
for it helped me wonderfully.'"

## RIPANS

A Lovely  
Complexion

The bright bloom of health—the  
"fast-color" complexion that we all  
admire—can't be imitated success-  
fully. It can't be achieved with-  
out good digestion. The faintest  
cosmetic on earth cannot rival Ri-  
pans Tablets as a complexion ma-  
ker. They sweeten the stomach,  
promote sound digestion, and regu-  
late the bowels. When all these  
functions are in good working or-  
der the blood is purified and nour-  
ished, and shows glowing and bril-  
liant in the cheek.

There is scarcely any condition of ill-  
health that is not benefited by the oc-  
casional use of a K.I.P.A.N.S. Tablet, and  
the price 10 for 5 cents, does not bar  
them from any home or justify any one  
in enduring ill that are easily cured.  
For sale by druggists.

Akron's 100 year old citizen, an imi-  
tation of crying a slave sale, in the  
South before the Civil war, and later  
he told of the methods of punishment  
in use at the Ohio penitentiary. He is  
"there," when it comes to informa-  
tion.The City Building man will want to  
merely poke his head out of the win-  
dow and yell, "What's New?"A strenuous effort will be made to  
leave the boy who mixes up the lines  
of type behind.Sneighing parties will soon be con-  
ducted on the "get out and walk" or-  
der.A few of John T.'s famous cipher  
dispatches might be of use in the task  
of locating J. O. Blacklessee.The Mayor's perplexity over the  
sweeping of snow from the walks may  
adjust itself, if a few days' time are  
allowed.Some people have said that all the  
reporters need do is to carry a few lead  
pencils to the new building. Alas,  
that is not true!"I look to see the Democrat much  
improved in its new location," said  
the Observing Citizen, "it will be so  
much nearer the churches."This Wise and Otherwise depart-  
ment will be pardoned for expressing  
the opinion that it deserves a new  
home.Col. Gibbons might have a bill intro-  
duced making it compulsory to pro-  
vide grand jurors with spring-bottom  
chairs.The preachers who bring in church  
announcements will be expected to  
adopt resolutions of thanks that they  
will no longer need to climb the stairs.Dear Rooster: Your letter of con-  
gratulations is just at hand, and  
picture of the new building, you re-  
quest will be sent at once.People talk about the campaign's  
moving along at break-neck speed, and  
of the primaries coming on apace.  
Ambulances should be on hand at the  
collision.For many years colored men have  
been accused of an unwarranted fond-  
ness for a white man's chickens, but  
the spectacle of a white man stealing  
chickens from a black man, remained  
for Akron to produce.Some apology must be made  
for the appearance of the office cat.  
She first fell into the ink keg, then  
rolled in some waste paper, got a front  
foot under the edge of the press, her  
tail abbreviated by the cruel foot of  
a drayman and her nose skinned by  
a flying monkey wrench.

**MORE PAY**  
For Rural Free Delivery Letter  
Carriers.

Washington, Jan. 24.—A successful  
effort has been made to increase the  
pay of rural free delivery carriers from  
\$300 to \$600 per annum. Mr. Hill  
(Ct.) made the motion to increase the  
appropriation for this purpose. It was  
resisted by Mr. Cannon and Mr. Loud,  
chairman of the Postoffice committee,  
on the ground that the method was  
irregular, but the members with rural  
constituents supported it and it was  
adopted, 109-78.

Men exist for the sake of one another.  
Teach them or bear with them.

BOTH FIRED

And the Colonel Fell Dead From  
His Horse.

Huntington, W. Va., Jan. 24.—Col.  
Gilbert Bentley, a wealthy timberman,  
was killed here by Riley Ramey, who  
at once surrendered to the authorities.  
Both are prominent.

The fatal meeting occurred on the  
public highway near Elkhorn City,  
on the Big Sandy. The men met on  
horseback and both drew their revolv-  
ers. Bentley was struck in the left  
breast by the first shot, and fell from  
his horse. The men had been en-  
emies for two years, as a result of a  
shooting scrape between their sons,  
in which neither of the sons was seri-  
ously injured.

Col. Bentley was an extensive lum-  
ber dealer. Ramey claims that the  
first bullet from Bentley's revolver  
pierced his hat.

AFTER DUCKS.

Grover Cleveland Is at His Fa-  
vorite Pastime.

Georgetown, S. C., Jan. 24.—Ex-  
President Grover Cleveland, with a  
party of friends, among whom are  
Rear Admiral Robley D. Evans, Col.  
E. C. Benedict, Gen. A. Cook, Capt.  
H. B. Lamberton and Herman May  
have arrived here. They remained in  
their car until 8 o'clock this morning,  
when they boarded the United States  
launch Water Lily and left for Ford's  
Point on the Lower Santee river, the  
shooting preserve of General E. P.  
Alexander, whose guests the party will  
be while here. Mr. Cleveland looks  
remarkably well after his recent ill-  
ness and seems in good spirits.

CHANGE ON ERIE.

H. B. Chamberlain Appointed  
Freight Traffic Manager.

H. B. Chamberlain has been ap-  
pointed freight traffic manager of the  
Erie railroad and its operated and con-  
trolled lines. This is the first indica-  
tion of possible changes in the trans-  
portation since the advent of the  
Underwood regime which shows signs  
of overturning old methods of doing  
business soon after it took charge.

Chamberlain has not been heard from  
after other changes suggested by him  
will likely follow in a short time. In  
the meanwhile affairs on the Erie are  
a little unsettled. A year ago or such  
a matter the plan of doing the freight  
business through a traffic manager  
was abandoned. Traffic control was  
placed in the hands of a vice president,  
and Mr. Chamberlain was appointed  
eastern freight traffic manager of the  
Erie, and also of the New York, Sus-  
quehanna & Western. This was fol-  
lowed by the appointment of G. G.  
Cochrane, as western freight traffic  
manager, having as his territory the  
line lying west of Salamanca, known  
as the Ohio division, with headquar-  
ters in Cleveland. Now the system  
has been changed back again to make  
a central traffic manager, and Mr.  
Chamberlain is the official. Some  
other changes are expected, which  
will pertain not only to the freight af-  
fairs, but also to the passenger depart-  
ment.

Mr. Chamberlain was born in Buf-  
falo, Aug. 1, 1859, and started railroad  
work with the New York Central in  
1875.

erally proves most fatal.—Goldsmith.

## CHANGE OF LIFE

Some Sensible Advice to Women by  
Mrs. E. Sailer,

President German Relief Association, Los Angeles, Cal.

Owing to modern methods of living, not one woman in a thousand ap-  
proaches this perfectly natural change without experiencing a train of very  
annoying and sometimes painful symptoms.  
Those dreadful hot flashes, sending the blood surging to the heart until it  
seems ready to burst, and the faint feeling that follows, sometimes with chills,  
as if the heart were going to stop for good, are only a few of the symptoms of  
a dangerous nervous trouble. The nerves are crying out for assistance. The  
cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound  
was prepared to meet the needs of woman's system at this trying  
period of her life, and all women who use it pass through this trying period  
with comfort and safety.

"DEAR MRS. PINKHAM:—When I passed through what is known  
as 'change of life,' I had two years' suffering.—sudden heat, and as  
quick chills would pass over me; my appetite was variable and I never  
could tell for a day at a time how I would feel the next day. Five  
bottles of Lydia E. Pinkham's Vegetable Compound changed all  
that, my days became days of health, and I have enjoyed every day  
since.—now six years.

"We have used considerable of your Vegetable Compound in our  
charitable work, as we find that to restore a poor mother to health so  
she can support herself and those dependent upon her, if such there be,  
is truer charity than to give other aid. You have my hearty endorse-  
ment, for you have proven yourself a true friend to suffering women."  
—Mrs. E. Sailer, 7504 Hill St., Los Angeles, Cal.

When one stops to think about the good Mrs. Sailer derived from Mrs.  
Pinkham's advice and medicine, it seems almost beyond belief yet it is all  
true as stated in her letter published above at her own request.

No other medicine in the world has received such widespread  
and unqualified endorsement. Refuse all substitutes.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters  
from women who have been safely carried through that danger period  
'Change of Life.' Mrs. Sailer's cure is not an unusual one for Mrs. Pink-  
ham's medicine to accomplish.

No other person can give such helping advice to women who  
are sick as can Mrs. Pinkham, for none have had such a great  
experience—her address is Lynn, Mass., and her advice free—if  
you are sick write her—you are foolish if you don't.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000,  
which will be paid to any person who can find that the above testimonial letter  
is not genuine, or was published before obtaining the writer's special per-  
mission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
